<b>Natural Resources Agency</b>								
California River Parkways	Program grants funds for river parkway acquisition or development projects that meet at least 2 of 5 statutory conditions: recreation, habitat, flood management, conversion to a river parkway, and/or conservation and interpretive enhancement	Grant	cities, counties, nonprofit organizations	Spring 2011	None	Proposition 84	All funds have been appropriated; one round of \$28.4M left to award	www.resources.ca.gov Email: riverparkways@resources.ca.gov Phone: 916-653-2812
Urban Greening Program for Sustainable Communities	On behalf of the Strategic Growth Council, the Program grants funds for urban greening plans and projects in urban areas that provide multiple benefits, including but not limited to, a decrease in air and water pollution, a reduction in the consumption of natural resources and energy, an increase in the reliability of local water supplies, or an increased adaptability to climate change.	Grant	<u>Projects:</u> cities, counties, nonprofits, JPAs, special districts <u>Plans:</u> cities, counties, nonprofits, council of governments, countywide authority, MPOs, JPAs, special districts	Spring 2011	None	Proposition 84	\$40M Urban Greening (scheduled for appropriation 11/12 and 12/13 - \$20.0M each)	www.resources.ca.gov Email: urbangreening@resources.ca.gov Phone: 916-653-2812
<b>Department of Conservation</b>								
California Farmland Conservancy Program (CFCP)	The CFCP provides grant funding that supports the long-term, private stewardship of agricultural lands through the use of agricultural conservation easements. Grants fund both agricultural conservation easement purchases and planning projects which increase the capacity of local land trusts which hold easements.	Grant	Local governments and private nonprofit (501(c)3) organizations which have among their defined purposes the conservation of agricultural lands.	Continuous	Planning grants have a maximum of \$100,000.	Propositions 40 and 84	Less than \$5 M of current appropriations remain unallocated; new projects are being considered for future appropriations.	http://www.conservation.ca.gov/dlrp/cfcp/Pages/index.aspx Email: cfcp@consvr.ca.gov Phone: 916-324-0850
Strategic Growth Council - Sustainable Communities Planning Grants and Incentives	On behalf of the Strategic Growth Council, the Department of Conservation provides planning grants and planning incentives to encourage the development of regional and local land use plans to promote water conservation, reduce automobile use and fuel consumption, encourage greater infill and compact development, protect natural resources and agricultural lands, and revitalize urban and community centers.	Grant	Cities, counties, JPAs, Councils of Governments, MPOs, Transportation Planning Authorities	Cycle 1 of 3 is complete. Date of next cycle not yet confirmed.	Minimum \$100,000; Maximum \$1 Million (The Council may consider requests in excess of this amount if two or more applicants combine efforts.)	Proposition 84	\$37.15 Million remains to be awarded.	http://sgc.ca.gov/planning_grants.html Email: SGCSustainablecommunities@conservation.ca.gov Phone: 916-322-3439
<b>Energy Commission</b>								
Geothermal Resources Development Account (GRDA)	The funds for this account come from revenues paid to the United States government by geothermal developers for leases on federal land in California. Practically all aspects of geothermal research, resource development, demonstration, commercialization, planning, environmental enhancement and impact mitigation are eligible for funding. However, in order to assure that geothermal energy adequately contributes to meeting California's ambitious Renewable Portfolio Standard (RPS) goals, certain research and technology challenges must be addressed quickly. For that reason, focus areas have been identified to encourage research proposals within those areas.	Grant	Private entities, including individuals and private for-profit organizations; local jurisdictions including cities, counties, school districts and special districts, regional planning agencies, and public utility districts; EXCEPTION: any public utility that generates more than 50MW of electricity for sale is not eligible to apply	Solicitation released on 1/05/2011; Pre-application due on 2/22/2011, 4:00 PM	Up to \$6.8 million available; GRDA funding will be divided into three Project Categories: 1) Resource Development, 2) Planning, and 3) Mitigation.	Public Resources Code section 3800 et seq. created the Geothermal Resources Development Account (GRDA) .	\$6.8 million	www.energy.ca.gov/contracts/geothermal.html Email: jhingtge@energy.state.ca.us Phone: 916-651-9106

Energy Conservation Assistance Act (ECAA) Low Interest Loans (3%)- American Recovery and Reinvestment Act (ARRA)	Funds are available for low-interest loans for energy efficiency and renewable energy generation projects. This is a continuously appropriated, revolving loan program. Funds are made readily available under the solicitation as they become available through loan repayments and interest earnings.	Loan	The Energy Commission accepts loan applications on a first-come, first-served basis. Local jurisdictions, public schools, and public hospitals are all eligible to apply.	Ongoing	The maximum loan amount is \$3 million per application. There is no minimum loan amount.	Energy Conservation Assistance Act (ECAA) funds, American Recovery and Reinvestment Act (ARRA) funds, and bond proceeds from ECAA Tax-exempt Revenue Bonds.	\$10.7 million. Of this amount, over \$9.9 million in loan requests are under technical review and expected to be approved for funding within the next few months.	<a href="http://www.energy.ca.gov/efficiency/financing/index.html">http://www.energy.ca.gov/efficiency/financing/index.html</a> Email: <a href="mailto:jbutler@energy.state.ca.us">jbutler@energy.state.ca.us</a> Phone: 916-653-1590
Renewable Planning and Permitting Program (RP3)	The Renewable Planning and Permitting Program (RP3) is expected to provide local governments and developers with the planning and permitting assistance they need to evaluate renewable energy development in their jurisdictions.	Grant	California cities, counties and local jurisdictions, including air and water districts.	Proposed release of solicitation March 22, 2011. Applications due on May 3, 2011.	It is proposed that the maximum grant amount will be \$100,000. We have not determined what the minimum amount will be.	Funding expected to come from the Renewable Resources Consumer Education Account of the Energy Commission's Renewable Resources Trust Fund.	\$4 million	<a href="http://www.energy.ca.gov/efficiency/financing/index.html">http://www.energy.ca.gov/efficiency/financing/index.html</a> Email: <a href="mailto:sneidich@energy.state.ca.us">sneidich@energy.state.ca.us</a> Phone: 916-653-1463
<b>Department of Fish and Game</b>								
Fisheries Restoration Grants Program	The Program supports grants restoring anadromous salmon and steelhead habitat in coastal streams and watersheds from San Diego to Del Norte counties. Grants target projects that will directly contribute to the restoration and recovery of salmon and steelhead trout. The program supports a wide array of project types including riparian and stream restoration, sediment reduction, fish passage improvement, technical and public education, water conservation, and organizational support.	Grant	public agencies, Native American Indian Tribes, and nonprofit organizations.	Feb 1-March 15, 2011	None	Federal funding and Proposition 84	Approximately \$25 million	<a href="http://www.dfg.ca.gov/fish/Administration/Grants/FRGP">www.dfg.ca.gov/fish/Administration/Grants/FRGP</a> Phone: 916-445-3935
Ecosystem Restoration Program	The Ecosystem Restoration Program (ERP) is one of eleven program elements of the multi-agency CALFED Bay-Delta Program. This program element is intended to improve and increase aquatic and terrestrial habitats and improve ecological functions in the San Francisco Bay and Delta to support sustainable populations of diverse and valuable plant and animal species.	Grant	Any public agency or nonprofit organization capable of entering into a grant agreement with the State may apply. This includes, but is not limited to, public agencies, universities, Native American Indian Tribes, and nonprofit organizations. <b>CALFIRE</b>								
Urban Forestry & Urban Greening Grants: Leafing Out	This program provides grants to applicants that currently do not have an Urban Forestry Program or have an early developmental stage Urban Forestry or Urban Greening Program or project. The purpose of this grant program is to fund the creation and implementation of early stage urban forestry projects or programs. Early stage projects and programs are characterized by historical absence of an Urban Forestry or Urban Greening Program, lack of qualified personnel, non-existent or very low budgetary resources, lack of programmatic structure, and other characteristics as determined by CAL FIRE Urban Forestry Staff.	Grant	Cities, counties, special districts, nonprofit organizations.	Summer 2011	\$2,500-\$30,000	Proposition 84/Proposition 40	2010/2011 cycle is concluded for new submittals. (scheduled for appropriation 11/12 \$2.8 Million)	<a href="http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php">http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php</a> Email: john.melvin@fire.ca.gov Phone: 916-657-2289
Urban Forestry & Urban Greening Grants: Green Trees For The Golden State	This program provide grants to organizations that wish to create or implement an urban tree planting project. The purpose of the Green Trees for the Golden State grant program is to provide funding for urban tree planting projects and up to two years of initial tree care. Preference is given to tree planting projects that provide multiple benefits, with an emphasis on greater air quality benefits and greater energy conservation benefits.	Grant	Cities, counties, special districts, nonprofit organizations.	Summer 2011	\$30,000-\$100,000	Proposition 84/Proposition 40	2010/2011 cycle is concluded for new submittals. (scheduled for appropriation 11/12 \$2.8 Million)	<a href="http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php">http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php</a> Email: john.melvin@fire.ca.gov Phone: 916-657-2289
Urban Forestry & Urban Greening Grants: Urban Forest Education	This program provides grants to applicants that wish to create or implement an Urban Forestry and/or Urban Greening education or training program. The purpose of this grant program is to fund the development and implementation of an educational or training program based upon and showcasing the many positive benefits of Urban Forestry and Urban Greening. Projects may include those to educate or train the public or urban forestry-related professionals.	Grant	Cities, counties, special districts, nonprofit organizations.	Summer 2011	\$30,000-\$150,000	Proposition 84/Proposition 40	2010/2011 cycle is concluded for new submittals. (scheduled for appropriation 11/12 \$2.8 Million)	<a href="http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php">http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php</a> Email: john.melvin@fire.ca.gov Phone: 916-657-2289
Urban Forestry & Urban Greening Grants: Leading Edge Projects	This program provides grants to applicants that wish to create or implement a "Leading Edge" Urban Forestry and/or Urban Greening Project or Program. The funding level of each CAL FIRE Urban Forestry grant program may be adjusted based on the applications received. The purpose of this program is to implement multiple-objective projects or programs that will help improve greening in urban areas, arrest the decline of urban forest resources, address climate change mitigation or adaptation, facilitate the planting of optimal vegetation in cities, improve the quality of the environment in urban areas through establishment of, and/or improved management of urban vegetation to optimize physiological, sociological and/or economic benefits to urban areas.	Grant	Cities, counties, special districts, nonprofit organizations.	Summer 2011	\$30,000-\$500,000	Proposition 84/Proposition 40	2010/2011 cycle is concluded for new submittals. (scheduled for appropriation 11/12 \$2.8 Million)	<a href="http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php">http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php</a> Email: john.melvin@fire.ca.gov Phone: 916-657-2289

Urban Forestry & Urban Greening Grants: Urban Forest Inventories	The California Department of Forestry and Fire Protection (CAL FIRE) has designed this program to provide grants to applicants in need of implementing or adding to an Urban Forest tree inventory program. The funding level of each CAL FIRE Urban Forestry grant program may be adjusted based on the applications received. The purpose of this grant program is to fund the acquisition and/or implementation of an inventory system to be used as a basis for managing a jurisdiction's urban forest resources. Projects may integrate new or existing software into existing inventories. Inventories must be community friendly, contain the minimum data fields in required by CAL FIRE, and may include a minimum level of a training or educational component. No other practices may be funded by this grant program.	Grant	Cities, counties, special districts.	Summer 2011	\$30,000-\$200,000	Proposition 84/Proposition 40	2010/2011 cycle is concluded for new submittals. (scheduled for appropriation 11/12 \$2.8 Million)	<a href="http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php">http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php</a> Email: john.melvin@fire.ca.gov Phone: 916-657-2289
Urban Forestry & Urban Greening Grants: Urban Forest Management Plans	The California Department of Forestry and Fire Protection (CAL FIRE) has set aside funds to provide grants to applicants that wish to create and implement an "Urban Forestry Management Plan." Eligible applicants include cities, counties, and qualifying districts. The funding level of each CAL FIRE Urban Forestry grant program may be adjusted based on the applications received. The purpose of this grant program is to fund the development and implementation of a Management Plan to be used by a jurisdiction to manage its urban forest. Such plans will be holistic, long term, include the entire jurisdiction, take an ecosystem management approach and may include a minimum level of a training or educational component. No other practices may be funded by this grant program.	Grant	Cities, counties, special districts.	Summer 2011	\$30,000-\$100,000	Proposition 84/Proposition 40	2010/2011 cycle is concluded for new submittals. (scheduled for appropriation 11/12 \$2.8 Million)	<a href="http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php">http://www.fire.ca.gov/resource_mgmt/resource_mgmt_urbanforestry.php</a> Email: john.melvin@fire.ca.gov Phone: 916-657-2289
Urban Forestry & Urban Wood Utilization: Portable Sawmill and Kiln Loan Program	The California Department of Forestry and Fire Protection (CAL FIRE) currently has several portable sawmills and wood drying kilns available to loan with the objective of allowing communities to investigate, demonstrate, and/or research the feasibility of urban wood milling as a potential business venture. Utilization of this valuable resource also offsets local costs of disposal and diverts green waste from landfills. In addition, CAL FIRE is pursuing opportunities to promote urban wood utilization and to educate the public on the urban forest as a "resource" rather than as "waste." Therefore, educational programs, public outreach, and cooperative relations are encouraged with the loan of the mills.	Equipment Loan	Cities, counties, special districts, nonprofit organizations. California Forest Improvement Program (CFIP)	A cost-share program developed to ensure adequate high quality timber supplies, related employment and other economic benefits, and the protection, maintenance, and enhancement of a productive and stable forest resource system for the benefit of present and future generations. The program scope includes the improvement of all forest resources, including fish and wildlife habitat, soil, and water quality. The program provides technical assistance to private forest landowners, forest operators, wood processors, and public agencies. Cost share assistance is provided for management planning, site preparation, tree purchase and planting, timber stand improvement, fish and wildlife habitat improvement, and land conservation practices (including fuels reduction).	Grant	private forest landowners, Resource Conservation Districts, and non-profit watershed groups or ownerships containing up to 5,000 acres of forest land	continuous	maximum is \$49,999	various (may include both federal and state funding when available)	none for 2011	<a href="http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistancelegacy.php">http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistancelegacy.php</a> Email: jeff.calvert@fire.ca.gov Phone: 916-653-8286
Forest Legacy Program	The purpose of the Forest Legacy Program (FLP) is to protect environmentally important forestland threatened with conversion to non-forest uses, such as subdivision for residential or commercial development. To help maintain the integrity and traditional uses of private forestlands, the FLP promotes the use of permanent conservation easements. These easements provide a tool to help preserve the rich heritage of private forests. The program is entirely voluntary. Landowners who wish to participate may sell or transfer particular rights, such as the right to develop the property or to allow public access, while retaining ownership of the property and the right to use it in any way consistent with the terms of the easement. The agency or organization holding the easement is responsible for managing the rights it acquires and for monitoring compliance by the landowner. Forest management activities, including timber harvesting, hunting, fishing and hiking are encouraged provided they are consistent with the program's purpose.	Grant	All landowners of forested properties	Summer 2011	No minimum/\$7,000,000 max	Federal competitive grants	Grants are awarded on a project by project basis by Congress. Grant funds awarded to State may only be used for acquisition of interests of a specific project	<a href="http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistancelegacy.php">http://www.fire.ca.gov/resource_mgt/resource_mgt_forestryassistancelegacy.php</a> Email: jeff.calvert@fire.ca.gov Phone: 916-653-8286

Land and Water Conservation Fund Program	The program, which is administered nationally by the National Park Service was established in September 1964, initially authorized for a 25-year period, and has been extended for another 25 years, to January 2015. Under the provisions of the California Outdoor Recreation Resources Plan Act of 1967, the expenditure of funds allocated to California is administered by the State Liaison Officer, who is the Director of the State Department of Parks and Recreation. Projects under this program may include: Acquisition or development of outdoor recreation areas and facilities. Priority development projects include trails, campgrounds, picnic areas, natural areas and cultural areas for recreational use. Property acquired or developed under the program must be retained in perpetuity for public outdoor recreation use.	Grant	Counties, cities, recreation and park districts, special districts with authority to acquire, develop, operate, and maintain public park and recreation areas. Land Acquisition Program	This program acquires real property or rights in real property on behalf of the Department of Fish and Game (DFG) and also awards grants to other governmental entities or nonprofit organizations to acquire real property or rights in real property. All acquisitions are made on a "willing seller" basis pursuant to the appraised fair market value. The acquisition activities are carried out in conjunction with the DFG, which generally entails DFG evaluating the biological values of the property through development of a Land Acquisition Evaluation (LAE, used for a single piece of property) or a Conceptual Area Protection Plan (CAPP, used for multiple properties). Once these evaluations are completed, they are submitted to DFG's Regional Operations Committee for review and approval. If approved, they are sent to WCB with a recommendation to fund. Concurrently, the WCB meets with DFG to evaluate and set acquisition priorities as new opportunities arise.							
Public Access Program	This program is designed to provide assistance to local agencies for the development of public access facilities designed to facilitate and encourage the public's access to hunting, fishing or other wildlife oriented recreation.
