Ian,

I think the proposed changes to the CEQA Guidelines are significant enough that the Regional Transportation Planning Agencies that manage programs, plans and projects should have the opportunity to respond to the proposed changes before they are enacted. I think these changes are inherently linked to the changes promulgated by SB 375 to the Regional Transportation Plan Guidelines (currently under construction by the CTC RTP Workgroups).

If you agree with my assessment, please forward the information about the proposal, a link to the appropriate information, and the opportunity to comment to Brittany Odermann, Sr. Planning, Santa Barbara Association of Governments, and Chair of the Regional Transportation Planning Agencies Group. Brittany's email is:

████████████████████

Thank you,

Bruce Abanathie
