Comment 96-1

Commenter supports the amendments to Appendix G, Section XVI: Transportation/Traffic. The current checklist questions and inhibits improvements to bicycling infrastructure.

Response 96-1

The Natural Resources Agency appreciates the commenter's support. See Thematic Responses for additional discussion.

Comment 96-2

Commenter supports the amendments Appendix G, Section XVI: Transportation/Traffic question (a) to refocus an analysis in the broader context of the circulation system performance and (f) to encourage mass transit and non-motorized modes of travel.

Response 96-2

The Natural Resources Agency appreciates the support for the amendments to Appendix G. No revision is required in response to this comment.
