Natural Resources Agency									
Ocean Protection Council	The Ocean Protection Council (OPC) is charged with implementing the California Ocean Protection Act (COPA) and funds projects and programs that target the actions identified in the OPC Strategic Plan (http://www.opc.ca.gov/strategic-plan/). OPC priorities are focused around five key areas: science-based decision making, climate change, sustainable fisheries and marine ecosystems, land based impacts to ocean resources, and existing and emerging ocean uses.	Grant/Loan	For Proposition 84: public agencies, eligible nonprofit organizations, universities, JPAs, special districts For Proposition 1: public agencies, nonprofit organizations, public utilities, federally-recognized tribe, State Indian Tribe listed on the Native American Heritage Commission's California Tribal Consultation List, mutual water companies	Proposition 84: continuous Proposition 1: first solicitation for Prop 1 anticipated to begin October 30, 2015	Proposition 84: None Proposition 1: \$250,000, except for disadvantaged communities who have no minimum threshold	Proposition 84; Proposition 1	\$13.4 million (Prop 84); \$27.9 million (Prop 1)	\$2-3 million (Prop 84); \$2-3 million (Prop 1)	www.opc.ca.gov Contact: Amy Vierra amy.vierra@resources.ca.gov
Environmental Enhancement & Mitigation	Funding for projects that contribute to mitigation of the environmental effects of transportation facilities as follows: 1.) urban forestry projects designed to offset vehicular emissions of carbon dioxide; 2.) resource lands projects that provide for the acquisition or enhancement of resource lands to mitigate the loss of, or the detriment to, resource lands lying within or near the right-of-way acquired for transportation improvements, and 3.) mitigation projects beyond the scope of the lead Agency responsible for assessing the environmental impact of the proposed transportation improvement.	Grant	Any State, local, federal, or 501c(3) non-profit entity. The agency or entity is not required to be a transportation or highway related organization, but must be able to demonstrate adequate charter or enabling authority to carry out the type of project proposed. Two or more entities may participate in a project with one designated as the lead agency	Annual; next solicitation begins April 15, 2016	Maximum: \$1.0 million for acquisitions and \$500,000 for development projects	Transportation Fees	Continuous \$6.7 million appropriation	None	eemcoordinator@resources.ca.gov Contact: Carol Carter carol.carter@resources.ca.gov
Museum Grant Program	Funding to support small capital projects in museums, including the acquisition of real property, or construction projects at museum facilities or venues.	Grant	Museums located in the State of California if they are either 1) a public agency (federal, State, city, county, district, association of governments, joint powers, or federally recognized Indian tribe); or 2) nonprofit organization that has among its principal charitable purposes, the preservation of historic or cultural resources for cultural, scientific, historic, educational, recreational, agricultural, or scenic opportunities	September 2016	Minimum: \$50,000 Maximum: \$250,000	Proposition 40	Approximately \$1.5 million	None	mgpcoordinator@resources.ca.gov Contact: Craig Zeff craig.zeff@resources.ca.gov

Department of Conservation									
California Farmland Conservancy Program (CFCP)	The CFCP provides grant funding that supports the long-term, private stewardship of agricultural lands through the use of agricultural conservation easements. Grants fund both agricultural conservation easement purchases and planning projects which increase the capacity of local land trusts which hold easements.	Grant	Local governments and private nonprofit (501(c)3) organizations which have among their defined purposes the conservation of agricultural lands.	Continuous	Planning grants have a maximum of \$100,000.	Proposition 84	\$40,000	\$40,000	California Department of Conservation DIVISION OF LAND RESOURCE PROTECTION (916) 324-0850 cfcp@consrv.ca.gov http://www.conservation.ca.gov/dlrp/cfcp/Pages/index.aspx
High Speed Rail - Agricultural Land Mitigation Program (ALMP)	The High Speed Rail - Agricultural Land Mitigation Program (ALMP) funds the purchase of agricultural land conservation easements to partially mitigate for farmland conversion arising from construction of the high speed rail system in California. The Department of Conservation (DOC) implements the program on behalf of the High Speed Rail Authority. Permanent agricultural conservation easements will be purchased on land of similar acreage, location, and quality to that impacted by the project's alignment and maintenance facilities. DOC will work with local entities and willing sellers to secure these easements to meet the agricultural mitigation requirements established in the environmental review documents for the high speed rail system.	Grant	Local governments and private nonprofit (501(c)3) organizations which have among their defined purposes the conservation of agricultural lands. Applications are limited to counties where the alignment of the project has been approved--currently the San Joaquin Valley counties between Madera and Kern.	11/25/2014, accepting applications on a continuous basis.	None	High Speed Rail federal and/or state funds.	\$18,567,121.00	\$556,920	California Department of Conservation DIVISION OF LAND RESOURCE PROTECTION (916) 324-0850 http://www.conservation.ca.gov/dlrp/cfcp/mitigation/Pages/AgLandMitigation_HSRA.aspx
Sustainable Agriculture Land Conservation Program (Sustainable Agricultural Land Strategy and Outcome grants)	The Sustainable Agricultural Lands Conservation Program (SALCP) supports the State's greenhouse gas (GHG) emission goals by making strategic investments to protect agricultural lands. Sustainable Agricultural Land Strategy Plans— Short term grants to counties, cities, and partners, to inventory and evaluate which agricultural lands are most highly productive and critically threatened and develop locally appropriate strategies, programs and actions that ensure the long term protection of those lands.	Grant	Counties and/or cities as the lead applicant(s) in collaboration with other partners.	Annually, second year deadline is Spring 2016	Up to 250,000 each	Greenhouse Gas Reduction Fund	\$2.5 million	\$2.5 million	California Department of Conservation DIVISION OF LAND RESOURCE PROTECTION (916) 324-0850 http://www.conservation.ca.gov/dlrp/SALCP/Pages/Index.aspx STRATEGIC GROWTH COUNCIL (916) 322-2318 http://www.sgc.ca.gov/s_salcprogram.php
Sustainable Agriculture Land Conservation Program (Agricultural Conservation Easements)	The Sustainable Agricultural Lands Conservation Program (SALCP) supports the State's greenhouse gas (GHG) emission goals by making strategic investments to protect agricultural lands. Agricultural Conservation Easements—Provide funding to leverage the protection of strategically located, highly productive, and critically threatened agricultural land, via the purchase of permanent agricultural conservation easements.	Grant	Counties, cities. For the Agricultural Easement Grants: applicants may include cities, counties, nonprofit organizations, RCDs, regional park or open-space districts or regional park or open-space authorities	Annually, second year deadline is Spring 2016	None	Greenhouse Gas Reduction Fund	\$37.5 million	\$37.5 million	California Department of Conservation DIVISION OF LAND RESOURCE PROTECTION (916) 324-0850 http://www.conservation.ca.gov/dlrp/SALCP/Pages/Index.aspx STRATEGIC GROWTH COUNCIL (916) 322-2318 http://www.sgc.ca.gov/s_salcprogram.php

California Energy Commission									
Geothermal Resources Development Account (GRDA)	The funds from this account come from revenues paid by geothermal developers for leases on federal land in California. Practically all aspects of geothermal research, resource development, demonstration, commercialization, planning, environmental enhancement and impact mitigation are eligible for funding.	Grant	Private entities, including individuals and private for-profit organizations; local jurisdictions including cities, counties, school districts and special districts, regional planning agencies, and public utility districts; EXCEPTION: any public utility that generates more than 50MW of electricity for sale is not eligible to apply	Solicitations are generally offered every 2 to 3 years. The next solicitation is planned for 2016. The most recent solicitation was held in May 2014, with a Notice of Proposed Awards issued in August 2014.	There is no maximum or minimum award level established. Awards vary according to the application requests and the amount of funds available during a specific solicitation. In general, approximately \$3 million is available per solicitation.	Public Resources Code section 3800 et seq. created the Geothermal Resources Development Account (GRDA) . Electric Program Investment Charge (EPIC)	The Energy Commission is one of four administrators of energy innovation funded by the Electric Program Investment Charge. The other administrators are the state's three largest investor-owned utilities: Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company. The Electric Program Investment Charge was created to fund public interest investments in clean energy technologies and approaches for the benefit of electricity ratepayers of California's three largest electric investor-owned utilities.	Grant	Public entities, educational facilities, private entities, research organizations, national laboratories.	A solicitation schedule has been posted on the Energy Commission Research page, and solicitations will be issued starting early 2014.	Funding will vary, but project funding levels are expected to range between \$250,000 and \$5 million.	The California Public Utilities Commission established the purposes and governance for the Electric Program Investment Charge in Decision 12-05-037 for Rulemaking 11-10-003 on May 24, 2012.	\$296 million	\$180 million	http://www.energy.ca.gov/research/epic/ Contact: Mike Gravely Mike.Gravely@energy.ca.gov 916-327-1370
Public Interest Energy Research (PIER) - Natural Gas Funding	The funds are collected from natural gas ratepayers of California Investor Owned Utilities. These funds are administered by the California Energy Commission to provide public interest natural gas research programs. The Energy Commission's PIER program supports energy related research, development and demonstration for research not adequately provided by competitive and regulated markets and that will advance science and technology and will help meet California's energy policy goals.	Grant	Public entities, educational facilities, private entities, research organizations, national laboratories.	Periodic solicitations	Varies depending on solicitation. Recent solicitations have accepted awards up to \$2 million.	SB 1250 (Perata) Chapter 512, Statutes of 2006. California Department of Fire and Forestry Protection									
State Responsibility Area Fire Prevention Fund (SRAFPF) Fire Prevention Grant Program	The purpose of all SRAFPF Fire Prevention Grant Program projects is to undertake fire prevention activities aimed at reducing the risk of the effects of wildfire on habitable structures in SRAs. Projects funded by the Fire Prevention Fund will reduce the risk of fire ignition, reduce the potential for fire related damage to communities in the SRA and the natural resources of the State, and educate owners of habitable structures in the SRA about wildland fire hazards.	Grant	Local government, fire districts, community services districts, water districts and special districts with SRA within their jurisdiction, certified local conservation corps, fire safe councils, or other 501(c)(3) nonprofit organizations	Fall 2015	TBD	State Responsibility Area Fire Prevention Fund	\$5 million	\$5 million	http://calfire.ca.gov/fire_prevention/fire_prevention_fund_grants.php Contact: Joel Vela joel.vela@fire.ca.gov
California Forest Improvement Program (CFIP)	The California Forest Improvement Program (CFIP) is a forestry incentive program (cost share) that provides funds to forest landowners for management plans, RPF supervision, site preparation, tree planting, thinning, pruning, follow-up, release, land conservation, and improvement of fish and wildlife habitat. CFIP's purpose is to encourage private and public investments in forestlands and resources within the state to ensure adequate future high quality timber supplies, related employment and other economic benefits, and to protect, maintain, and enhance the forest resource for the benefit of present and future generations.	Grant (cost share) with landowners responsible for as little as 10% of project cap rate costs	Landowners with more than 20 acres but less than 5000 acres of forestland	February 20-April 30, 2015	Minimum acres 5, maximum \$50,000 to \$100,000 for reforestation projects	Various federal sources, General Fund, and Timber Regulation and Forest Restoration Fund (TRFRF)	\$2.95 million	\$2.95 million	http://calfire.ca.gov/resource_mgt/resource_mgt_forestryassistance_cfip.php Contact: Jeff Calvert jeff.calvert@fire.ca.gov

Forest Legacy Program (FLP)	The purpose of the Forest Legacy Program (FLP) is to protect environmentally important forestland threatened with conversion to non-forest uses, such as subdivisions for residential or commercial development. To help maintain the integrity and traditional uses of private forestlands the FLP promotes the use of permanent conservation easements. The program is entirely voluntary. Landowners who wish to participate may sell or transfer particular rights, such as the right to develop the property or to allow public access, while retaining ownership of the property and the right to use it in any way consistent with the terms of the easement. The agency or organization holding the easement is responsible for managing the rights it acquires and for monitoring compliance by the landowner. Forest management activities, including timber harvesting, hunting, fishing, and hiking are encouraged provided they are consistent with the program's purpose.	Grant	Scope: Forestlands Applicants: Landowners	Continuous but must be in before July 30 for the next available federal funding cycle	TBD	Federal Forest Legacy Program	Federal is renewed each year as funding varies via federal budget process. Program Timberland Environmental Impact Reports (EIRs)	Greenhouse Gas Reduction Fund grants for Program Timberland Environmental Impact Reports designed to increase carbon sequestration and reduce carbon emission from wildland fires. Encourage private investment and improved long-term management of timberland resources, while promoting carbon sequestration and reducing carbon emissions through fire resiliency.	Grant	Scope: Non federal Timberlands. Applicants: Smaller nonindustrial landowners owning 5,000 acres or less of timberland in California.	To be announced - Pending BOF rulemaking	No maximum award	Greenhouse Gas Reduction Fund	\$1.2 million	\$0	http://www.fire.ca.gov Contact: Matthew Reischman matthew.reischman@fire.ca.gov
Demonstration State Forest Research	Greenhouse Gas Reduction Fund research grants for greenhouse gas reduction projects and carbon sequestration enhancement. Develop research and monitoring on: Carbon inventory, yield and measurement methods, development of forest resiliency to fire, tradeoffs between carbon efficient healthy forests and senescent forest stands, and forest resiliency to climate change.	Grant	Scope: Forestland, State Demonstration Forests, or other off forest sites. Applicants: Universities, state and federal agencies, and other organizations or persons. Applicants must have the scientific capacity to complete a proposed research or monitoring project. Volunteer Fire Assistance (VFA)	The VFA program provides federal financial, technical, and other assistance to State Foresters and other appropriate officials to organize, train, and equip fire departments in rural areas and rural communities to prevent and suppress fires.	Grant (cost share) with applicants responsible for 50% of the project cost	A single or area fire departments, a single county or town, or a single community serving a rural area.	Spring 2015	Minimum award \$500; Maximum award \$20,000	Federal	\$1 million	\$1 million	http://calfire.ca.gov/fire_protection/fire_protection_coop_efforts.php Contact: Dan Sendek dan.sendek@fire.ca.gov
California Department of Fish and Wildlife									
Fisheries Restoration Grants Program	The Program supports grants restoring anadromous salmon and steelhead habitat in coastal streams and watersheds from San Diego to Del Norte counties. Grants target projects that will directly contribute to the restoration and recovery of salmon and steelhead trout. The program supports a wide array of project types including riparian and stream restoration, sediment reduction, fish passage improvement, technical and public education, water conservation, and organizational support.	Grant	public agencies, Native American Indian Tribes, and nonprofit organizations.	Applications accepted in February of each year.	None	Federal grant funds (Pacific Coast Salmon Recovery Fund) and State funds (Steelhead Report Card Program, Salmon Stamp Program)	Amount of funds available each year depends on Federal grant funds received and State funds available. Funds are awarded in a competitive proposal process.	Funds are awarded approximately 12 months after proposals are received, following review, ranking, and Director approval.	http://www.dfg.ca.gov/fish/Administration/Grants/FRGP/index.asp Contact: Patty Forbes patty.forbes@wildlife.ca.gov 916-327-8842

Land Acquisition Program	Statewide - This program acquires real property or rights in real property on behalf of the Department of Fish and Game (DFG) and also awards grants to other governmental entities or nonprofit organizations to acquire real property or rights in real property. All acquisitions are made on a "willing seller" basis pursuant to the appraised fair market value. The acquisition activities are carried out in conjunction with the DFG, which generally entails DFG evaluating the biological values of the property through development of a Land Acquisition Evaluation (LAE, used for a single piece of property) or a Conceptual Area Protection Plan (CAPP, used for multiple properties). Once these evaluations are completed, they are submitted to DFG's Regional Operations Committee for review and approval. If approved, they are sent to WCB with a recommendation to fund. Concurrently, the WCB meets with DFG to evaluate and set acquisition priorities as new opportunities arise.
