* Pursuant to PRC section 5096.367.5, the Net Available for Appropriation amounts for the \$2.1 billion bond have been reduced by \$38,009,095 for bond issuance costs, other statewide bond costs and outyear amounts already committed by or proposed to the Legislature.

** Enacted appropriations shown net of reversions.

(a) This allocation was continuously appropriated by the bond act and shows a negative balance due to how the State Controller's Office tracks and reports continuous appropriations. The allocation will continue to be managed for typical year-to-year changes that impact the allocation balance and ensure the funds are not over-committed.

(b) This allocation over-commitment will be resolved, as appropriate, as part of the budget process.
