

**DISCOVERY
SCIENCE CENTER**

January 11, 2013

Mimi Morris, Executive Officer
California Cultural & Historical Endowment
900 "N" Street, Room 370
Sacramento, CA 95814

Dear Mimi,

We are so grateful to you and Diane Sousa for being so understanding and supportive of our request for an extension. "Star Wars: Where Science Meets Imagination" transformed the way that our Board, guests and visitors beyond our region view Discovery Science Center. It was such a success that LucasFilm approached us to host the "Indiana Jones and the Adventure of Archaeology" exhibit, and even larger exhibit for a more mature audience. Together, these blockbuster exhibitions prove that we can attract new audiences in large numbers, supporting our case for expansion.

However, these exhibits come with significant demands, and our staff time and resources are stretched to meet the short term needs of these exhibits. We deeply appreciate your understanding and patience. I am confident that our commitment to Mission Control Experience will get back on track shortly and we will complete the project in a timely manner. Thank you for your support.

Sincerely,

Kellee Preston
Vice President of Operations
