NOTICE IS HEREBY GIVEN that the State Water Resources Control Board (State Water Board) will hold a public workshop at their regularly scheduled Board Meeting to receive information and solicit public input regarding the status of the Salton Sea Management Program.

BACKGROUND

Governor Edmund G. Brown Jr. established the Salton Sea Task Force (Task Force) in May 2015. The Task Force includes experts from the California Natural Resources and Environmental Protection Agencies, including representatives from the State Water Board. The Task Force has sought input from tribal leaders, federal agencies, local water districts, local leaders, and other public and private stakeholders with an interest in the Salton Sea. The Task Force relied on information gathered during these meetings to produce its recommendations, which were released on October 9, 2015, and included a description of the principles necessary for a successful Salton Sea Management Program. In addition, Governor Brown appointed Bruce Wilcox as assistant secretary for Salton Sea Policy at the Natural Resources Agency to oversee habitat restoration efforts along the shoreline of the Salton Sea. On March 18, 2015, the State Water Board held a workshop to solicit comments regarding the status of the Salton Sea and the State Water Board's [Revised Order WRO 2002-0013](#).

As a part of the Task Force, the State Water Board will regularly monitor and assess progress on the implementation of the Salton Sea Management Program, and periodically hold public workshops as part of this function. The first of such workshops was held on January 5, 2016. For more information about the background and history of the State Water Board's involvement with the Salton Sea, please visit the State Water Board's web page at: http://www.waterboards.ca.gov/waterrights/water_issues/programs/salton_sea/

ISSUES FOR DISCUSSION AT WORKSHOP

The State Water Board is seeking detailed updates from the California Natural Resources Agency on the progress regarding the following items towards implementation of the Salton Sea Management Program achieved since the January 5, 2016 workshop:

Felicia Marcus, chair | Thomas Howard, executive director

- Status and implementation of proposals to implement habitat creation and dust suppression projects; and,
- Assessment of transmission options to access and facilitate renewable energy development at and around the Salton Sea regarding the Renewable Energy Transmission Initiative 2.0.

In addition to the agency updates, the workshop is an opportunity for interested persons to provide input to the State Water Board relative to the implementation of the Salton Sea Management Program.

SUBMISSION OF WRITTEN COMMENTS

Interested persons must submit written comments by 12:00 p.m. on **Wednesday, April 13, 2016**.

For submittals less than 15 megabytes in total size, interested persons should email the submittal to Jeanine Townsend, Clerk to the Board, at commentletters@waterboards.ca.gov. Please indicate in the subject line: **“Comment Letter: Salton Sea”**.

For submittals more than 15 megabytes in total size, interested persons should (1) email a summary of their written information to Jeanine Townsend, Clerk to the Board, at commentletters@waterboards.ca.gov; and (2) mail or hand deliver any additional information on a CD/DVD. For emails and other correspondence, please indicate in the subject line: **“Comment Letter: Salton Sea”**.

Interested persons with hand deliveries must check in with the Visitor and Environmental Services Center on the first floor of the Joe Serna, Jr.-CalEPA Headquarters Building who will contact State Water Board staff to pick up any hand deliveries. Couriers delivering comments must check in with lobby security and have them contact Jeanine Townsend at (916) 341-5600.

PROCEDURAL MATTERS

This workshop will be held as part of a routine meeting of the State Water Board. This workshop is for informational purposes and no formal action will be taken. While a quorum of the State Water Board may be present, the State Water Board will not take formal action at the workshop. There will be no sworn testimony or cross-examination of interested persons, but the State Water Board and its staff may ask clarifying questions.

In addition to the updates provided by the four agencies identified above, the workshop is an opportunity for interested persons to provide input to the State Water Board. At the workshop, interested persons will be given an opportunity to summarize and supplement any written comments with oral presentations. The State Water Board has found panels are a very effective way for interested persons to present information to the Board. Therefore, the Board strongly encourages interested persons to not only coordinate their presentations but also to join on panels that present different points of view. The State Water Board requests that interested persons that will present in the form of panels notify Mitchell Moody (contact information below) no later than **April 1, 2016**, of the composition of their panel and time requested. The State Water Board may reduce the requested time. Any presentation materials must be submitted in accordance with the same procedures for written comments described above, except that (1) the subject line should indicate: **“Presentation: Salton Sea”** and (2) presentations must be submitted in electronic Powerpoint (.pptx) format.
