**MEDIA ADVISORY: Work to Help Sacramento River
Salmon Underway in Yolo Bypass**
Agencies reconstruct century-old Wallace Weir

WHAT: Near-completion of multi-agency project to help keep salmon from straying from the Sacramento River

WHEN:

Thursday, October 6, 10 a.m.

WHO:

Assemblymember Bill Dodd
Mark Cowin, Director, California Department of Water Resources
Fritz Durst, President, Reclamation District 108 Board of Directors
Randy Record, Board Chairman, Metropolitan Water District of Southern California
Curtis Knight, Executive Director, California Trout
Other state and local officials

WHERE:

Wallace Weir in the Yolo Bypass, about four miles northeast of Woodland (roughly 45-minute drive from Sacramento)

Directions from Sacramento: Take I-5 North. Take Exit 536 for County Road 102 (just before Woodland). Turn right onto County Road 102 and continue north for 4.1 miles.

Turn right onto County Road 17 and continue 2.5 miles east up onto the levee. Turn right onto the levee and continue south for 1.5 miles until you reach the Wallace Weir.
