Description

The State of California is convening a meeting for the committees working to advance Salton Sea management. The purpose of this meeting is two-fold:

- 1) To review and provide feedback to the State on near-term implementation of the 10-Year Management Plan; and
- 2) To present the independent stakeholder issue assessment findings and refine the Consensus Building Institute's recommended structure, including meeting framework and tasks, for stakeholder engagement to support implementation of the 10-Year Plan.

Draft Agenda

- Review and comment on near-term implementation of 10-Year Management Plan
- Present Consensus Building Institute Stakeholder Issue Assessment and Recommendations for Stakeholder Engagement
- Provide feedback and develop recommendations on advisory committee / stakeholder engagement structure and meeting framework going forward

Who should attend? All Committees
