

**APRIL
19-23**

EARTH DAY 2021

April 22nd marks the 51st anniversary of Earth Day. This year, we celebrate the resilience of our communities and natural places amidst an unprecedented global pandemic. As we look to brighter days ahead, this Earth Day we explore how to protect our people and planet together.

Please join us for a series of Earth Day 2021 virtual events and activities.

EVENTS

Monday, April 19 | 12:30 - 1:30 PM: Pacific Crest Trail to Planet

Join California Natural Resources Agency Secretary Wade Crowfoot and California Environmental Protection Agency Secretary Jared Blumenfeld as they reflect together on the last year and draw inspiration from their experiences in nature.

Tuesday, April 20 | 12:30 - 1:30 PM: State Conservancies 101

Learn how our state conservancies and the Wildlife Conservation Board work to protect and expand access to California's natural treasures.

Wednesday, April 21 | 12:30 - 1:30 PM: State Conservancies Fast Forward

Hear from our emerging leaders on where environmental conservation in California is headed.

Thursday, April 22: Day of Action!

Share how you are celebrating Earth Day and tag us on Twitter @calnatresources. Need ideas? Visit our website: resources.ca.gov/earthday2021.

3:00 PM : It's in our Nature

Join a discussion on nature's emerging role in combatting climate change and protecting people.

Friday, April 23 | 12:30 - 1:30 PM: The Science Exchange

Find out how ground-breaking ocean research is protecting California's coastal environment.
