

Secretary Speaker Series

LEADING INTO THE FUTURE: VISIONARY WOMEN SHAPING THE FUTURE OF CALIFORNIA'S COAST

TUESDAY, MARCH 28, 2023 | NOON-1 P.M.

REGISTER VIA ZOOM

For the first time, women are leading five of California's management and policy agencies to protect the state's coastal and ocean resources. Women leaders from diverse leadership roles outside government are also shaping coastal and ocean protection.

As we celebrate Women's History Month, we invite you to join a virtual Secretary Speaker Series event where we will talk with these history makers about this moment and what it means. What is the importance of female leadership in public service? How did these leaders get to where they are now? How do we build stronger networks and pipelines for female leaders across government and public policy?

Join us for a candid and uplifting conversation.
