MEMORANDUM

TO: The Honorable Wade Crowfoot
Secretary for Natural Resources

FROM: Eric Hedge
Regulations Program Manager
Board of Forestry and Fire Protection

SUBJECT: Notice of Decision – **"Fuel Hazard Reduction Amendments, 2020"**

Attached, pursuant to section 1145 of title 14 of the California Code of Regulations, is a Notice of Decision by the Board of Forestry and Fire Protection (Board). On July 15, 2020, the Board adopted the rulemaking proposal entitled, "Fuel Hazard Reduction Amendments, 2020".

The project is intended to increase the utilization of the regulatory permitting process of the Emergency Notice for Fuel Hazard Reduction of 14 CCR § 1052.4 in order to address the hazardous conditions across forested lands throughout the state, as well as to improve the efficacy of vegetative treatments in addressing the existing problem of hazardous fuel conditions within this process.

Pending approval by the Office of Administrative Law, the Board looks forward to monitoring the implementation of the regulation beginning January 1, 2021.

Please make the attached Notice available for public inspection for a period of 30 days.

RECEIVED By
Office of the Secretary

JUL 23 2020

Natural Resources Agency California

NOTICE OF DECISION

To:

Honorable Wade Crowfoot
Secretary of Resources
Natural Resources Agency
State of California
Sacramento, CA 94244-2460

From:

Board of Forestry and Fire Protection
P.O. Box 944246
Sacramento, CA 94244-2460

Contact: Eric Hedge, Regulations Program Manager, State Board of Forestry and Fire Protection, P.O. Box 944246, Sacramento, CA 94244-2460

Subject: Notice of Decision made pursuant to Section 21080.5 of the Public Resource Code (PRC), and Sections 1145 of Title 14 California Code of Regulations (CCR).

Project Title: "Fuel Hazard Reduction Amendments, 2020" [Certificate of Compliance]

Project Type: Regulatory Action, adoption of amendments to California Code of Regulations, Title 14: §§ 913, 933, 953, 1052, and 1052.4

Project Description: The project is intended to increase the utilization of the regulatory permitting process of the Emergency Notice for Fuel Hazard Reduction of 14 CCR § 1052.4 in order to address the hazardous conditions across forested lands throughout the state, as well as to improve the efficacy of vegetative treatments in addressing the existing problem of hazardous fuel conditions within this process.

Project Location: All non-federally owned state and private timberland throughout the state.

This is to advise that the State Board of Forestry and Fire Protection adopted the above rulemaking on July 15, 2020 and made the following findings regarding the above action:

1. The Board has considered adverse environmental effects from the action described above. Such consideration was conducted to meet California Environmental Quality Act (CEQA) requirements for a project by using the functional equivalent certification to an EIR granted to the Board for its rulemaking process pursuant to PRC 21080.5.
2. The Board has not identified any adverse environmental effects as a result of the adopted rules.
3. The Board made other findings as part of its Final Statement of Reasons contained in the official administrative record.

This to certify that the administrative regulatory file, prepared pursuant to Section 21080.5 of the Public Resources, is available to the General Public at: State Board of Forestry and Fire Protection, Room 1506-14, 1416 9th Street, Sacramento, CA.
