PROTECTING CALIFORNIA'S RIVERS, STREAMS, AND WATERSHEDS GRANT PROGRAM NOTICE OF PUBLIC COMMENT PERIOD AND PUBLIC HEARINGS

The California Natural Resources Agency is pleased to release for public comment its draft guidelines for the Protecting California's Rivers, Streams, and Watersheds grant program.

The Protecting California's Rivers, Streams, and Watersheds grant program, funded by Proposition 68, will improve instream flows at ecologically important times, primarily between January through June, to help restore natural aquatic or riparian functions for aquatic species, and protect or promote the recovery of endangered or threatened species. It is the intent of the people of California that projects funded by Proposition 68, including the Protecting California's Rivers, Streams, and Watersheds Grant Program, result in public benefits addressing the most critical statewide needs and priorities for public funding.
