The CCP provides procedures for public agencies to acquire private property for public use. It requires that every agency, which intends to condemn property, notify the owners of its intention to condemn.

Section 1240.030 of the CCP provides that the power of eminent domain may be exercised to acquire property for a proposed project if the following conditions are established:

1. The public interest and necessity require the proposed project; and
2. The proposed project is planned and located in a manner that will be most compatible with the greatest public good and the least private injury; and
3. This property is necessary for the project.

Section 1245.230 of the CCP further requires that the offer required by Government Code Section 7267.2 has been made to the owner of record. The written offer was sent to the address that appears on the County's records on July 21, 2022. DWR will be presenting on the above listed conditions.

Additionally, pursuant to CCP § 1240.055, notice was sent to the address listed above as the holder of a conservation easement on the property on July 19, 2022.

The Commission Meeting is scheduled to take place as follows:

Date: Wednesday, October 19, 2022
