DATE	NOTES
12/16/2022	Reached out to ATT (Lee Nieto, AT&T Public Works Coordinator) requesting meeting to discuss project
12/19/2022	Lee Nieto forwarded the project to alternate department, directed to Sholanda Ousley, AT&T Right of Way & Public Works Manager
12/21/2022	I spoke with Sholanda Ousley on the phone and provided an overview of the project and informed her of DWR's intent to seek an easement from AT&T.
12/23/2022	Sholanda Ousley escalated the project to her supervisor Briahna Miller. Briahna responded to me with general project and parcel location questions.
12/28/2022	I provided via email an overview of the project and impacts to the parcel, and recommended we have an informational meeting to further discuss details of the project and acquisition. I provided mapping and exhibits.
1/5/2023	First Written Offer Submitted to Landowner via certified mail
1/9/2023	I followed up with Sholanda and Briahna to inform them the first written offer had been mailed via certified mail, and to see if there were any questions or comments I could answer.
1/10/2023	Briahna responded that she would be in her office the following week, and would review the offer and ensure it was routed to the correct people internally.
1/24/2023	Notice of Informational Hearing mailed to landowner
2/1/2022	I called and left a voicemail with Sholanda to follow up on the status of the easement review.
2/2/2022	I sent Sholanda and Briahna a follow up email inquiring about the status of the easement review. Briahna responded and informed me that AT&T was still evaluating the easement offer, and would get back to us once their analysis was complete.
2/3/2023	Sholanda informed DWR that she is no longer involved on this project and to direct all communication to Briahna Miller. An updated mailing address was provided.

DATE	NOTES
2/16/2023	Briahna Miller reached out via email to inform us that AT&T was not able to attend the informational meeting. She requested a digital copy of the offer, which I sent subsequently, and had a few questions regarding project scope and findings.
2/28/2022	I emailed Briahna to inform her of the RON meeting in March and let her know she will be receiving a notice shortly, and provided materials requested in our previous communications.
