

Tribal IRWM Projects - Proposition 1 Round 1 Implementation

Funding Area	IRWM Region	Awarded Grant Amount	Project Implementing Agency	Project Name	Project Description
Awarded Projects					
North Coast	North Coast	\$382,085	Blue Lake Rancheria	Water Supply Reliability Project	The project will install a 250,000 water storage structure, which will increase community water supply reliability and enhance fire suppression and climate resiliency of the Blue Lake Rancheria Tribe and neighboring communities.
North Coast	North Coast	\$937,268	Yurok Tribe	Upgrading Critical Infrastructure to Support Resource Recover in the Blue Creel Sanctuary	This project will conduct high priority road and stream crossing improvements in the Blue Creek Sanctuary to protect/enhance water quality, increase watershed climate change resiliency, increase safety, and ensure effective Tribal management of vital water, wildlife, and forests. The Yurok Tribe and SDAC communities served by this project rely on healthy water resources for their subsistence and long-term sustainability.
North Coast	North Coast	\$600,000	Humboldt Bay Municipal Water District	Ranney Collector 2 Rehabilitation Project	This project will rehabilitate a ranney collector. The Blue Lake Rancheria has provided a letter of support for the project.

Tribal IRWM Projects - Proposition 1 Round 1 Implementation

Funding Area	IRWM Region	Awarded Grant Amount	Project Implementing Agency	Project Name	Project Description
Recommended Projects					
Colorado River	Coachella	Funding Pending Final Award	Coachella Valley Water District	East Coachella Valley Water Supply Project - Avenue 66 Phase 2B	Avenue 66 Phase 2B project which will consolidate one mobile home park (Manuela Garcia) located on tribal reservation lands into the CVWD domestic water system by constructing 7,250 linear feet of 30-inch diameter ductile iron potable water pipeline. The project is located 100% on Torres-Martinez Desert Cahuilla Indians' tribal lands.
Colorado River	Coachella	Funding Pending Final Award	Coachella Valley Water District	East Coachella Valley Septic to Sewer Conversion Monroe Street	The project will build a sewer system with 100% benefit to the Torres Martinez Band of Cahuilla Indians. The project addresses the sanitation needs of the Torres Martinez Band of Cahuilla Indians by connecting them to CVWD's sanitary sewer system so that they are no longer relying on failing septic systems that can cause various health hazards to the residents of the housing subdivision.
Mountain Counties	Tuolumne-Stanislaus	Funding Pending Final Award	Tuolumne Band of Me-Wuk Indians	Westside Dam Rehabilitation	This project will rehabilitate the Dam, which will restore the ecosystem, recharge groundwater, and provide fire suppression. The tribe owns the land and it will benefit them.
