

Appendix 4C
Alternatives Model Results

4C.1 Introduction

The results of model simulations are provided for informational purposes. Please do not use any information contained in these products for any purpose other than this EIR process. If there are any questions regarding the results of these model simulations, please contact DWR.

Any use of results of model simulations should observe limitations of the models used as well as the limitations to the modeled alternatives. These results should only be used for comparative purposes. More information regarding limitations of the models used as well as the limitations to the modeled alternatives is included Appendix 4A Attachment 8, *Model Limitations*.

4C.2 Modeled Alternatives

The following alternatives were prepared:

- Baseline Conditions
- Proposed Project
- Alternative 1
- Alternative 2
- Alternative 3

CalSim 3 model simulations were prepared for each alternative. Documentation of assumptions for each alternative listed above are provided in Attachment 1, *CalSim 3 Model Assumptions Callouts*.

4C.3 Model Results

Location-specific results for the alternatives and models listed above are included in the following attachments:

- Attachment 2, *CalSim 3 Storage and Elevation Results*
- Attachment 3, *CalSim 3 Flow Results*
- Attachment 4, *CalSim 3 Diversion Results*
- Attachment 5, *CalSim 3 X2 Results*
