

**NOTICE TO STATE WATER PROJECT CONTRACTORS****Date: December 2, 2024****Number: 24-06****Subject: State Water Project Initial 2025 Allocation of five (5) Percent**

**From:** Original signed by  
**John Yarbrough**  
**Deputy Director, State Water Project**  
**Department of Water Resources**

Water year 2024 closed with above average water supplies in California. Although California reservoirs entered the new water year with average storage amounts, October and early November were largely dry. To make the initial 2025 allocation, the Department of Water Resources (DWR) used the November 1 forecast data, which did not include the wetter conditions that began on November 20, and which forecasted water supplies available if the dry pattern continued through the remainder of the water year. As a result, DWR is initially allocating five (5) percent of most State Water Project (SWP) contractors' requested Maximum Annual Table A Amounts for 2025, as shown in Attachment A – 2025 SWP Allocation. DWR may revise the SWP allocation if water supply conditions change.

To determine the available SWP water supplies, DWR considers factors including SWP contractors' anticipated carryover supplies into 2025, projected 2025 demands, existing storage in SWP conservation facilities, estimates of future runoff, SWP operational and regulatory requirements from the Federal Endangered Species Act and California Endangered Species Act, and water rights obligations under the State Water Resources Control Board's authority.

To schedule SWP water deliveries under this allocation, DWR will develop the five-percent water delivery schedules by prorating the 10-percent schedules submitted by the contractors in October 2024 (as part of initial requests) or as revised with any subsequent updates. If a contractor foresees any changes to their water delivery schedule, please communicate such changes to DWR in a timely manner.

If you have any questions or need additional information, please contact Molly White, Assistant Division Manager, Water Management, SWP Division of Operations and Maintenance, at [Molly.White@water.ca.gov](mailto:Molly.White@water.ca.gov).
