## **In-Person Meeting Location**

California Natural Resources Agency, 715 P St, Sacramento, Room 02-221 A/B/C (second floor)

## **Remote Participation**

Remote participation will be conducted via a Zoom platform. Register [here](#). The meeting will also be viewable via YouTube Livestream at

<https://youtube.com/live/YYY9hLslLdl?feature=share>.

This meeting will be recorded and available after the meeting at [www.water.ca.gov/drip](http://www.water.ca.gov/drip).

## **Background**

The Department of Water Resources (DWR) established a standing drought and water shortage interagency task force in coordination with the State Water Board and other relevant state agencies to facilitate proactive state planning and coordination for pre-drought planning, emergency response, and post-drought management, consistent with [Senate Bill 552](#) (Chaptered in 2021). The Task Force, called the Drought Resilience Interagency and Partners Collaborative (DRIP Collaborative), serves as a public forum with state and non-state agency members to advance drought strategies and continue building resilience to the increasingly arid conditions California faces. For more information visit <https://water.ca.gov/drip>.

## **Meeting Objectives**

Objective #1: Provide opportunities for collective learning about efforts to advance drought and water shortage resiliency.

Objective #2: Share progress and solicit additional input on the two key initiatives (R&R and DI&M).

Objective #3: Present information on [Climate Bond Prop 4](#).

Objective #4: Any opportunities to follow up on last year's discussions.
