

Website Accessibility Certification

The California Natural Resources Agency is committed to making our website equally accessible for all visitors. The undersigned certify that, as of July 1, 2019, the internet website of the Natural Resources Agency is designed, developed and maintained to comply with applicable accessibility laws including California Government Code Sections 7405 and 11135, and the Web Content Accessibility Guidelines (WCAG).

We strive to maintain all information at applicable accessibility levels, but some content – including older documents, streaming video and archived materials – provides value to our website visitors but may not be fully accessible as of July 1, 2019. The Natural Resources Agency continues to work diligently to make that content accessible.

If you have difficulty accessing any material on our website, please contact us and we will correct the problem or work to provide the information in an alternative format. You can report web accessibility problems by sending an email to accessibility@resources.ca.gov.
