I. SOAR: AN INTRODUCTION

SOAR stands for the System for Online Application Review. It is a web-based system originally developed by the State Water Resources Control Board, and adapted for use by the California Natural Resources Agency, to accept, review, and store grant Application submittals electronically.

The system requirements that will aid in the use of SOAR are as follows:

- Use Internet Explorer (version 6.0 or higher);
- Computer monitors should have a resolution of at least 1024 X 760;
- Disable pop-up blocking software;
- Use a personal computer (PC).

SOAR testing is limited to PCs with Internet Explorer. Use of MACs or web browsers other than Internet Explorer may result in difficulty in saving information, uploading attachments, or submitting an Application.

II. WHERE TO FIND SOAR

SOAR is hosted on the California Natural Resources Agency website. SOAR can be found at the following web address: https://soar.resources.ca.gov. The SOAR homepage serves as the portal to log onto the system and to access previously submitted applications available on the Public Search Tool page.

If your organization is not found in the displayed search results, click the “Create New Organization” button. You will create a new organization record in SOAR by following the instructions listed below.
1. **CREATE NEW ORGANIZATION**
Creating a new organization record in SOAR should occur only when your organization is not found per the search process outlined above.

Please enter the organization’s contact information, such as: Name of Organization, Division or Branch, Address, City, State and Zip Code, Type of Organization and Federal Tax ID Number. Click the “Next Step” button to proceed to **Step 2: User Registration**.

*Note: If the Federal Tax ID # is not known at this time, it can be entered at a later time.*
