

ENVIRONMENTAL ENHANCEMENT AND MITIGATION PROGRAM 2018 GRANT CYCLE

SOUTHERN PROJECTS

APPLICANT	PROJECT NAME	COUNTY	AMOUNT	PROJECT DESCRIPTION
Apple Valley, Town of	Apple Valley Urban Forest Renewal and Community Orchard	San Bernardino	\$172,967.00	Project to remove dead and/or infested trees, plant native, climate-appropriate trees and large shrubs; create a community apple orchard, expand reclaimed water irrigation system and install interpretive signage.
Hesperia, City of	Ranchero Road Interchange Landscaping Project	San Bernardino	\$335,000.00	Project to plant drought tolerant trees, shrubs and ground cover; construct bio-swales and transplant 46 Joshua Trees. Enhancements will help mitigate heat island effect, alleviate storm water runoff, create habitat for urban wildlife, and absorb carbon dioxide.
Mountains Recreation and Conservation Authority	Carbon Canyon Acquisition Project	Los Angeles	\$500,000.00	Fee acquisition of 91 acres to permanently protect sensitive habitat and open space in the Santa Monica Mountains.
Perris, City of	Ramona Expressway Low-Water Median Planning Project	Riverside	\$497,759.00	Project to plant trees, shrubs, and groundcover along a 3,771 foot long, 14-foot wide raised center median of the Ramona Expressway. Includes recycled water irrigation system.
Santa Clarita, City of	Mather's Mine Acquisition Project	Los Angeles	\$500,000.00	Fee acquisition of 519.17 acres of undeveloped land in the foothills of the San Gabriel Mountains to preserve healthy coastal sage scrub habitat, perennial springs, a pond, riparian habitat, and wildlife linkage.
The Trust for Public Land	Hanning Flat Acquisition Project	Kern	\$947,703.00	Fee acquisition of 3,804 acres in eastern Kern County northeast of Lake Isabella to protect annual grasslands, rabbit brush, blue oak/foothill pine woodlands, Great Valley Cotton Wood Forest and the headwaters of Fay Creek. The project will extend a protected wildlife area and protect from subdivision and development.
The Trust for Public Land	Toro Creek Coast Preserve	San Luis Obispo	\$1,000,000.00	Fee acquisition to permanently protect 258 acres of a minimally-developed oceanfront coastal ranch in San Luis Obispo County. The project will protect habitat for special-status species and preserve coastal and beach access.
Visalia, City of	St. John's Eastside Renewal Project	Tulare	\$327,671.00	Project to plant native trees and habitat along a 2,800-foot portion of the St. John's River Trail. Separate funds will be used to create a Class 1 trail connecting to existing trails along the river corridor.
7 SOUTHERN PROJECTS (62% TOTAL FUNDING)			\$4,281,100.00	

NORTHERN PROJECTS				
APPLICANT	PROJECT NAME	COUNTY	AMOUNT	PROJECT DESCRIPTION
American River Conservancy	Ervin Ranch Acquisition (1,737 acres) to establish Wildlife Area on the Main Fork of the Cosumnes River	El Dorado	\$1,000,000.00	Fee acquisition of 1,737 acres containing blue oak and gray pine woodland, mixed chaparral, riparian and grassland habitat. The project will help protect the Cosumnes River, preserve a wildlife migration corridor and eliminate development risk.
Redwood Forest Foundation, Inc.	Reist Ranch Conservation Project	Mendocino	\$631,650.00	Fee acquisition of 95 acres to permanently protect the only large remaining inholding to a much larger 50,000-acre permanently protected Usal Redwood Forest in Mendocino.
Truckee Donner Land Trust	Carpenter Ridge Acquisition Project	Nevada	\$890,000.00	Fee acquisition of 320 acres as part of a larger conservation initiative to acquire 2,234 acres of mature mixed-conifer forest on the ridgelines above Carpenter Valley. Project will protect drinking water supply, pre-empt further development, safeguard wildlife habitat, increase species adaptability to climate change, and reduce air and water pollution in the Truckee area.
Waldo Holt San Joaquin Wildlife Conservancy	Brooks Property Riparian Habitat Acquisition	Sacramento	\$115,500.00	Acquisition of a conservation easement on 27.79 acres of riparian habitat encompassing two creek channels along the San Joaquin/Sacramento County border adjacent to a 288 acre preserve with mature riparian habitat.
4 NORTHERN PROJECTS (38% TOTAL FUNDING)			\$2,637,150.00	
TOTAL STATEWIDE			\$6,918,250.00
