

Natural and Working Lands Carbon and Greenhouse Gas Model and Implementation Plan Update

October 13, 2017

9:00 am-12:00 pm

California Environmental Protection Agency (CalEPA), Coastal Hearing Room, 1001 I Street,
2nd Floor, Sacramento, California 95814

Meeting Goals

- Introduce the Natural and Working Lands Implementation Plan
- Present and solicit feedback on Version 2 of the Natural and Working Lands Carbon and Greenhouse Gas Model (CALAND)
- Discuss Next Steps

9:00 am Welcome, Introductions, Agenda Review

Stephanie Lucero, Facilitator, Center for Collaborative Policy

9:05 am Introduction of Implementation Plan

Shelby Livingston, California Air Resources Board

- Presentation
- Q&A

9:30 am Overview of CALAND Model Development and Next Steps

Assistant Secretary Claire Jahns, California Natural Resources Agency

- Presentation
- Q&A

9:55 am Presentation on Updates to CALAND Model

Alan Di Vittorio, Lawrence Berkeley National Laboratory

- Presentation
- Q&A

10:55 am Small Group Discussions on CALAND Model

- Forests
- Agricultural Lands (Cultivated lands and Rangelands)

11:35 am Summary of Key Themes

- Report back from small group discussions
- Q&A

11:50 am Overview of Next Steps and Adjourn

Small Group Discussion Questions:

1. Do the business-as-usual trends that are included and slated for inclusion in the model effectively capture the trends in land use, conditions, and management most likely to impact carbon sequestration and GHG and black carbon emissions?
2. Does the model incorporate all the significant management practices?
 - a. If not, what management practices are recommended for inclusion?
3. Are the management practices correctly represented in the model?
4. How should the management practices be prioritized for incorporation of technical research?
